Subject : **2ND ASIAN CONFERENCE ON RESOURCE MANAGEMENT AND GOVERNANCE**

Date : June 30, 2022

This is to endorse the 2nd ASIAN Conference on Resource Management and Governance with the *theme "Strengthening Research Drift in Addressing Future Demurs in Resource Management and Governance"*, organized by the Northwest Samar State University (NwSSU), to be held on September 14-16, 2022.

This virtual conference aims to support the research programs of the university and the regional/national research undertakings. Specifically, this second conference aims to: 1) promote current practices and policies in research while accepting the challenge, without demur, of proper resource management and local governance; 2) strengthen networking activities in the academe, industry and other stakeholders in addressing demurs in resource management and local governance; 3) strengthen the research productivity of those engaged in the fields of management, governance, administration, criminal justice and education; 4) provide a venue for sharing of knowledge, ideas and expertise that advance significant developments in the field of research in resource management and governance; 5) strengthen the research productivity of those engaged in the fields of management, governance, administration, criminal justice and education; 6) provide the local government units and public institutions with the latest discipline-based, policy-oriented, technology-directed and innovative/creative research findings in resource management and governance that are locally responsive and globally competitive through various mediums and; 7) secure networking and collaboration among government and non-government entities through the presentation of research outputs.

This activity will be held via Zoom and the organizers shall be receiving abstract submissions until July 31, 2022. Interested presenters and participants may register thru the link <https://tinyurl.com/bddjyksb> or they may visit the conference website <http://www.asianconference2022.nwssu.edu.ph/> for more information.
