## **Technical Specifications**

Item	Specification	Statement of Compliance
		[Bidders must state here either "Comply" or "Not
		Comply" against each of the individual parameters
		of each Specification stating the corresponding

		Statements of "Comply" or "Not Comply" must be
		supported by evidence in a Bidders Bid and cross-
		referenced to that evidence. Evidence shall be in the
		form of manufacturer's unamended sales literature,
		unconditional statements of specification and
		compliance issued by the manufacturer, samples,
		independent test data etc., as appropriate. A
		statement that is not supported by evidence or is
		subsequently found to be contradicted by the
		evidence presented will render the Bid under
		evaluation liable for rejection. A statement either in
		the Bidder's statement of compliance or the supporting
		evidence that is found to be false either during Bid
		evaluation, post-qualification or the execution of the
